## FROM: Daily Compass

Plenty of people believe that they are granted signs by God or the universe to guide them along their path. But what if you are entirely surrounded by signs? What if every bush and street and passer-by carries meaning and significance?

Everything you need to know might just be out there, hidden behind a great mass of information.

*What have you experienced as a sign that guided you on your journey?*

### COME CHECK OUT THE FLEA MARKET! Every Saturday 9am – 4pm

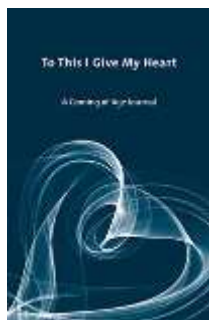

We been humming along like busy bees every Saturday except for rain out on July 21. The RE Committee continues to lead in total sales every week plus increase their profits week after week, totally due to the caliber of their sales staff and quality of the donated merchandise they have to offer. Brand new T-shirts designed by RE children are very eye catching and available for sale on Saturdays for \$20. See picture. Come join us, bring your stuff. Have some fun. September 1st is our last Saturday. Set up 8 to 9 am or when you can get there. We are busier in the morning, closing about 2pm when shoppers dwindle.

**Next Meeting: The Faith in Action Committee Forum**  
**Peaceful Protest**  
**Sunday, August 19 @ 12:15pm**

Colin Kaepernick began kneeling during the national anthem to peacefully protest the atrocity of police brutality and abuse of authority and since then, he has yet to play for an NFL team. This does not seem to bother him as he has made a \$1 million pledge to help combat police terrorism. He has been spending his time traveling around the country and educating children about how to safely interact with police (how sad that this is necessary). Our guest speaker, Thomas Moseley, will share his plans to protest on Opening day of the NFL season.

## **FROM: DAILY COMPASS**

Nothing reminds us of the immensity of the universe as much as the sight of a sky full of stars, and the knowledge that we catch only a distant glimpse of uncountable worlds beyond our knowing. There is nothing bigger, nothing more grand—except when that immensity is doubled by a reflection.

*What is the very biggest thing you feel a part of?*
